

Rodrigo Fernandes

ANDROID DEVELOPER

Profile

Android Developer with 3 years of experience developing high end Android Apps from scratch using modern technologies and design patterns. Currently leading a team of Android Developers in the development of a modular iGaming application suited for multiple Betting Houses and excelling at it. Committed to utilizing my skills to further the mission of a company.

Employment History

Android Team Leader, GOMA Development, Évora

AUGUST 2021 – PRESENT

- Organized and prioritized work to complete assignments in a timely, efficient manner.
- Helped the team to work better together by implementing better Git Flows and teaching modern Android design patterns.
- Structured the Android Project in order to accommodate all requirements from the stakeholders: modular features that would change according to which package the client (betting bookmakers) bought.

Android Developer, Tekever, Lisbon

MARCH 2021 – JULY 2021

- Learned a lot about security and modular applications by working at a Banking Application.
- Applied my expertise to find a way to introduce more customization to new and existing template views.
- Utilized a proprietary software developed by the company to develop features in an existing application.

Android Developer, DigitalWorks, Évora

MARCH 2019 – FEBRUARY 2021

- Received constructive criticism well and turned it into an opportunity to grow and improve.
- Operated with a strong work ethic, professionalism, and the ability to work under pressure.

Education

Bachelor Degree, Instituto Politécnico de Beja, Beja

SEPTEMBER 2019 – PRESENT

Developed multidisciplinary projects such as:

- Image recognition software with Python;
- Unity game;
- Pandemic simulator with Java;

Associate Degree, Instituto Politécnico de Beja, Beja

SEPTEMBER 2017 – JULY 2019

- Graduated with the best grades in the class - 18/20.
- Gained deep knowledge about Web and Mobile Development and also server setup.
